

Propane Service Technician

We are seeking a professional and motivated self-starter to join our team. The successful candidate will be mechanically inclined, reliable, trustworthy, provide excellent customer service and possess the ability to learn rapidly. Knowledge of field service and equipment preferred.

This **Propane Service Technician** position will work directly in the field, set propane tanks, perform safety gas checks and maintenance on a variety of home heating equipment. Applicant must be able to pass DOT mandated random drug test. This position requires an individual who holds current CETP licenses who can operate company vehicles in a safe, efficient, and courteous manner. Practices a safety-first attitude in all matters concerning the servicing of liquid propane equipment and installations. Has a “Can Do” attitude and is a team player when it comes to Customer Service, safety, and fellow employees.

JOB RESPONSIBILITIES:

- Provides service to our customers that is efficient and polite and always maintains the highest safety standards.
- Provide on-site installation of tanks and regulators
- Provide general maintenance on equipment and propane lines
- Perform out-of-gas safety checks
- Ability to move heavy objects while performing tasks associated with tank and equipment installation.
- Operate vehicle and crane in a safe manner
- Ability to prioritize tasks and work without close supervision
- Familiarity with and adherence to company policies, safety policies and regulations.
- Other duties as assigned.

JOB REQUIREMENTS:

- Ability to pass a pre-employment drug screen, DOT physical and Homeland Security Background Check. Have a good driving record.
- Valid class B CDL with a HazMat endorsement
- Gas License is required to perform certain tasks. JFC, Inc. is willing to offer additional CETP training for the right candidate.
- Ability to set Liquid propane tanks, install gas service lines, and perform pressure test(s) to ensure system(s) pass all state and local regulations as well as all NFPA regulations.
- Perform repairs and maintenance of customers' equipment.

We value all our employees and welcome you to be a part of our team. We offer competitive wages. Our benefits include Health, Dental and Life insurance, Employee Discounts on home heating products, Paid Holidays and Vacations, 401k with matching contributions.
